

# Making Our New Year's Resolutions Work

2017

EDUCATIONAL  
LEADERS  
ASSOCIATION

## **# 6 To create change through research and review**

### **My Action Plan:**

I will review what I and my team all know about reflection and review, doing this together as individuals and as a group, then mapping what is known so that we can assess what is needed.

I will review what I and my team all know about action research and consider how this can be a valuable tool for exploring new ideas and managing professional change.
